

The PD02 range of LED pendant lights have a simple and stylish design to give spaces an open and lively feel. They are easy to install and can be diversified for many different applications.

These lights can be installed surface mounted by a suspended, pull-resistant, steel wire.

The AL6063 aluminium, sand blast coated radiator provides excellent heat dissipation and corrosion resistance.

The built-in driver is independent and replaceable, making it maintenance friendly.

Key Information

Wattage	10W
Cut-out Size	N/A
